The Honorable Gavin Newsom  
Governor of California  
1021 O Street, Suite 9000

Dear Governor Newsom,

My name is Kavin, and I am a 6<sup>th</sup> grade student member from XXXXXX School in San Jose. I am writing to express my concern about the issue of school shootings and violence.

This issue is important because it affects people in our community, including me and other schools. It leads to life loss and their proper punishment isn't given. I discovered this issue through the school shooting in Texas. I believe that addressing this problem will make a change.

I think you should enforce these laws, and speak out about the issue of gun violence. Eventually create a bill because school shooting has increased. First to buy a Firearm you must go to training and be approved to get your gun. If they do misuse it they shall go to jail.

I would greatly appreciate a response to understand your position and what steps you plan to take regarding this issue. Thank you very much for your time and for considering the views of young people in our community. After you have read this please copy this to the USA president, Donald Trump and other Representatives.

Sincerely,

Kavin
